REAGAN**
*Secretary of State
State of Arizona*

MICHELE REAGAN REJECTS ACLU DEMAND TO CHANGE 500K VOTER ADDRESSES IN STATE DATABASE WITHOUT THEIR CONSENT

This week I rejected an ACLU demand to unilaterally change more than five hundred thousand individuals' voter registration addresses to the address listed on their Driver License and send a follow-up letter informing the voter of the address change.

The truth is we've already coordinated with ADOT to make the changes they've asked for scheduled them for 2019. Any conflicting agreement with the ACLU at this point would only produce voter confusion. While I fully expect the ACLU to file a lawsuit to force these changes before the fall election, our County Recorders and I agree; sending a letter to a half million voters that we changed their registration address without their permission right before an election would have an extremely negative impact on our voters. I hope the ACLU does the right thing and allows us to implement reforms to the new system and find additional ways to improve the accuracy of registration data and further reduce provisional ballots.

2018 Publicity Pamphlet

Households with at least one registered voter are entitled to receive the Secretary of State's publicity pamphlet in early October, which will provide useful information about the statewide ballot measures that will appear on your General Election ballot. However, because the mailing list for these millions of voters must be finalized several weeks in advance of the election, any persons who register to vote after the list is finalized on August 10th (or any existing voter who opts into electronic pamphlet delivery after August 14th) must contact the Secretary of State's Office to be added to our supplemental mailing list. Voters may request a publicity pamphlet up until Election Day, but should provide the Secretary of State's Office as much notice as possible to ensure we can provide the pamphlet in a timely fashion.

To request the 2018 General Election publicity pamphlet be mailed or emailed to you, please call the Secretary of State's Office at 602-542-8683 or complete the following online request form.

We are excited to be able to offer the publicity pamphlet to voters by email for the first time. In previous elections we have had to mail physical copies of the pamphlet to each household, which costs quite a bit of money and kills a lot of trees. The new optional electronic version not only saves taxpayer dollars on printing and mailing costs, but it brings Arizona's elections another step further into the 21st century.

THE MAKING OF AN AUDIO BOOK

The Making of an Audio Book

Arizona's Talking Library shows us how tedious the process really is.

yourphx.com

Our Talking Book Library turns books, magazines, movies and more into audio and braille books for the blind and physically handicapped.

"We are a special library. We serve specifically the visually impaired," said Christine Tuttle, outreach librarian at the Arizona Braille and Talking Book Library. "Our youngest patron is 4 years old, our oldest is 106 years old."
